

The river opposite this place continues low. We understood, however, from the officers of the *Mary Blane*, down from St. Joseph this morning, that there was a rise of some six or eight inches, the night she lay at that place.

The troops are all in except a party of about sixty, who are daily expected. Independence is filled with soldiers, awaiting their discharge.

The Independence Expositor says Maj. Reynolds is lying dangerously ill at Fort Mann. He is not expected to recover.

"Clark's Counterfeit Detector, Bank Note List, and St. Louis Wholesale Prices Current, for October," has been received. Published by Fisher & Bennett, at one dollar per annum. It is a valuable work for merchants, produce dealers, and all who are fortunate enough to handle money.

"Weekly Fountain, Devoted to Temperance, Literature," &c., published in St. Louis by Davis, Hayes & Vance, at two dollars per annum. The second number is before us, well filled with selected and original matter. It is an excellent paper—particularly valuable to Sons of Temperance, and all who feel an interest in the Temperance cause.

Senator Corwin, in a letter dated Urbana, September 23, says:

Having visited a very considerable portion of Ohio, I can assure our friends that every day brings to it prosperity, which promises certain success to our ticket.

The true character of Gen. Taylor is only beginning to be known to the masses of the people, and I feel confident that his stern integrity, strong good sense, and Republican purity, will be known and justly valued by the voters of Ohio. It needs only this to make his triumph certain.

CASH VAGRANT LAW.—Wm. C. Bryant, editor of the New York Evening Post, says: "We remember reading some years since—we think it was while Mr. Cass was Governor of Michigan—an account of a white man sold in that territory, for a term of time, to a black man. The sale, it is stated, was made at a public auction, under the law of the Territory, and the African, accompanied by his white servant, walked from the ground with an air of great dignity." Recollect this law was passed, not by a Legislature of the people, but by Lewis Cass himself, and three United States Judges, acting as a Legislative Council.

MAINE.—The Maine election, as reported in our last, was incorrect. The Democratic candidate beats the Whig and Barnburners, some 10,000 votes. Poor Maine!

Mr. Sinton, the distinguished editor of the National Intelligencer, presided over the meeting in Washington on the 23d ult., that had assembled to commemorate the battle of Monmouth. In his opening speech to the thousands that surrounded him, he remarked, "he had just returned from the North and the North west, greatly strengthened and confirmed in the belief that the Whig cause was proudly in the ascendancy, and that we should have that honest, good and wise man, Zachary Taylor, for the next President of the United States." No man's opinion in Washington is worth as much as that of Mr. Sinton's.

We do not know, in all this section of country, a single Democrat who will cast his suffrage for Gen. Taylor.—*Metropolitan*.

A few weeks ago, the *Metropolitan* was quite confident there were no Barnburners, or Van Buren Democrats in this state, and we believe, announced there was not one in all North-western Missouri. The Barnburners now have a paper in St. Louis, and recently had a public meeting, which was numerously attended, and addressed by some men who have occupied upper seats in the democratic church of the state—and we know of many democrats in this County, who, if a Van Buren Electoral ticket is put out, will vote on the 7th day of November next. Its prophecy about democrats voting for Gen. Taylor, is about as wide of the mark as in the case of the Barnburners. Less than a month's time will prove it.

The term Democrat imports the possession, in theory and practice, of certain fundamental political principles.—*Metropolitan*.

The term Locofoco imports the possession of an inordinate desire for office, and a determination to satiate that desire, without reference to "fundamental political principles." Gen. Cass is a theoretical and practical Locofoco, and has a faithful copyist in the person of the editor of the *Metropolitan*.

ATTACKING AN EDITOR.—Major Harris, loco Congressman elect from the Springfield, Illinois, District, recently called on Mr. Francis, editor of the Sangamon Journal, with a view to chastise him. He took with him a Lieutenant Scott and a big walking stick, and after having made one lick at Mr. Francis with the latter, he kicked the trio down stairs!

MISSOURI COPPER.—We saw upon the wharf yesterday, in the course of shipment for Boston, one hundred and twenty or thirty pigs of copper—about thirty tons. On inquiry, and such information as we could get on the wharf, we learned that this copper was from the works of the Meramec Copper Mining Company, a Franklin mine in the state. It appeared to be pure and good metal.—*Republican*.

Mr. Winthrop, Speaker of the U. S. House of Representatives, made an elegant speech at the Whig State Convention. The following is the closing sentence:

As to myself, there is no mistake in regard to the views which I entertain. I am a Whig, and not merely a Boston or a Massachusetts Whig, but an American Whig. Not merely a Northern Whig, but a National Whig; not merely a Free States Whig, but a United States Whig. I am for standing by the old platform—the old party—I desire to see beneath my feet no other soil than the common soil of our glorious Republic. I desire to take my direction from no other sky than that which shall include on its azure field the whole thirty stars of our glorious Union."

FEVERS.

Fevers, like every other form of disease, are only an effort of nature to expel from the body something that is opposed to health; it is merely a struggle between the good and bad humors for supremacy, and the commotion which ensues is called Fever. The usual symptoms of a Fever are heaviness, anxiety, sighing and yawning, with alternate fits of cold and heat, after which the patient complains of pain in the head and back, thirst, difficulty of breathing, pain in the limbs, a sense of fullness about the region of the stomach, nausea and sickness, with sometimes a vomiting of bilious matter.

Wright's Indian Vegetable Pills will be found peculiarly adapted to the cure of ALL fevers, or fevers, because they not only thoroughly cleanse the stomach and bowels from all bilious humors, but they open those excretory vessels which empty into the bowels; and consequently the impurity contained in the circulation, (which is the cause of all disordered motions of the blood, called Fevers,) is thrown into the bowels, from whence it is carried off by the regular saline discharges.

BEWARE OF COUNTERFEITS.—THE ONLY ORIGINAL AND GENUINE INDIAN VEGETABLE PILLS HAVE THE SIGNATURE OF WILLIAM WRIGHT WRITTEN WITH A PEN ON THE TOP LABEL OF EACH BOX. None other is genuine, and to counterfeit this is forgery. The genuine is for sale by BOON, TALBOT & SMITH, sole agents for Fayette; D. C. CHAMBERLAIN, Champion's Mill, St. Charles, Missouri; FELIX REDDING, Keyesville; M. T. ATKINS, Brunswick; and wholesale and retail by HENRY BLACKLEY, St. Louis. Office and general depot, 160 Race Street, Philadelphia.

NOTICE TO THE PUBLIC.—Persons wanting genuine Family Medicines, are advised to go to Dr. EASTERLY'S Family Medicine Store, corner of Third and Chestnut streets, St. Louis, Mo., where they can find almost every Popular Family Medicine that is manufactured in the United States, wholesale and retail, at the cheapest rates; or call on his agent, Dr. Wm. R. Snelson, Fayette, who keeps them for sale.

MARRIED.—Last evening, at the residence of R. C. VAUGHAN, Saline county, by Rev. C. D. Simpson, Mr. ROBERT I. TAYLOR, of Virginia, to Miss ELIZABETH McNAUGHT.

DIED.—In Garret county, Kentucky, at the residence of her Grand-Father LEWIS, Miss MARY J., daughter of WILLIAM ADAMS, of this county.

Peaceful be thy silent slumber—  
Peaceful in thy grave so low;  
Thou no more wilt join our number,  
Thou no more our songs shalt know.

Dearest Mary, thou hast left us;  
Here thy loss we deeply feel;  
But 'tis God that hath bereft us,  
He can all our sorrows heal.

Yet again we hope to meet thee,  
When the day of life is fled;  
Then in Heaven, with joy to greet thee,  
Where no more farewell tear is shed.

On Sunday morning last, Mrs. FARR, consort of Col. WOODSON FARR, of Charleston county, in the 21st year of her age.

In the town of St. Charles, Mo., on Wednesday, 31st ultimo, Col. JAMES MORRISON, in the 51st year of his age.

Col. MORRISON resided at Boone's Lick, in this county, and managed the wait there several years. He will be remembered by many of the early settlers, who, in common with his immediate friends and relatives, will regret to hear of his death. Notwithstanding his age covers "the span allotted to sojourners on earth."

Wright's Indian Vegetable Pills  
CURE FOR FEVER AND AGUE.

RUSSELLVILLE, PUTNAM Co., Indiana, July 1, 1848.

DR. WRIGHT—Some time since your agent left me a supply of Indian Vegetable Pills. I have found them to be in great demand lately for the cure of fever and ague. Mr. James Boyd has a son who has been laid up with fever and ague, and had tried various other remedies, all of which proved of no avail. He determined to try your Indian Vegetable Pills, and by using one box he is now sound and well. Mr. T. Spencer had a daughter, Mr. Hugh Groves a son, and Mr. Chas. Nichols and three of his family, were all down at the same time with fever and ague, and had also tried the various other remedies without effect. Your Indian Vegetable Pills soon restored them all to perfect health. I can assure you, from what I have seen, your Indian Vegetable Pills may be relied on for a permanent cure of fever and ague.

Yours, respt., JACOB DURHAM, P. M.  
Also, a setting justice of the peace.

This is to certify, that I was entirely cured of the chills and fevers of several months standing, by the use of four doses, of four pills each, of Wright's Indian Vegetable Pills, and after taking medicine from a regular physician for some time, and have had no symptoms of it since, which has been about one year ago. J. W. SPENCER.

Texas, Champaign county, Ohio.

This is to certify that I was cured of the chills and fevers by the use of Wright's Indian Vegetable Pills, after having had three attacks of it.

Piles!! Piles!! Piles!!!

Dr. Upland's Vegetable Electuary, or Internal REMEDY FOR THE PILES, Triumphant! 50,000 cases cured in the last year.

THIS Medicine is warranted to cure all cases of piles, either bleeding or blind, internal or external, and all inflammatory diseases found in conjunction with the Piles—such as Chronic Dysentery, Weakness and Inflammation of the Spine, falling of the bowels, womb, &c., that females particularly are subject to, under peculiar circumstances; for which many certificates could be given of speedy and effectual cures—but delicacy forbids their publication.

Severe and Habitual Constipation.

Flow of blood to the head, Dispepsia, Ulcerations, Fistulas, Inflammation of the Stomach, find a speedy cure in Dr. UPLAND'S ELECTUARY. It is an internal remedy, and cures by its action on the bowels and blood, the relaxed state, which is the cause of the above named diseases.

Universal Commendation.

From every city, town and village, where Dr. Upland's Vegetable Pile Electuary has been introduced, the most gratifying intelligence of its effects have been received by the Proprietor. In hundreds of instances it has triumphed over cases which were deemed incurable.

Letter of Capt. G. W. McLean, late of the U. S. Army, and member of the N. J. Legislature.

RAHWAY, June 16, 1847.

"I have been afflicted for years with the Piles, and have tried without anything like permanent benefit, almost everything assuming the name of a remedy. I had, as a matter of course, lost all confidence in medicine. Under this feeling I was induced—not without reluctance, I confess—to use Dr. Upland's Electuary, and having used it for about three weeks, according to the directions laid down, I find to my utter surprise, as well as satisfaction, that every symptom of the disease has left me. I think it due alike to Dr. Upland and myself to make this statement."

Dr. McLean's Liver Pills.

For the Cure of Liver Complaint, Dyspepsia, Stomachic and all Bilious Complaints.

The liver is much more frequently the seat of disease than is generally supposed. It is now generally admitted by Physicians of reputation and experience, that more than one-half of the complaints which occur throughout the great valley of the Mississippi, have their seat in a diseased state of the liver, and that more than three-fourths of the diseases enumerated under the head of Consumption, have also their seat in a diseased liver.

Cure in St. Louis of one year's standing.

St. LOUIS, Mo., May 5, 1847.

Dr. E. EASTERLY—Sir: I hereby certify that I have been afflicted for more than a year, with the liver complaint, and have applied to different physicians, and all to little or no effect, until I made use of Dr. McLean's Liver Pills. I am happy to inform you that I was perfectly cured by the use of one box. I can therefore, in justice, recommend others who are troubled with a diseased liver, to make a trial of these Pills.

Truly yours, ROBERT HALL.

Residence, Fourteenth and Biddle streets.

Individuals suffering with Liver Complaint, Dyspepsia, Sick Headach, or any bilious disease, are earnestly advised to make a trial of Dr. McLean's Liver Pills, as they have been prepared by a regular and educated Physician, who has had an extensive practice and experience in treating the above complaint. He confidently recommends as being the very best and most desiring remedy ever presented to the notice of the afflicted.

Chill Fever, Dumb Ague, Intermittent Fever, and all the various forms of BILIOUS DISEASES.

This valuable medicine is undoubtedly the safest, surest and best remedy ever discovered for the cure of the above named diseases. It not only breaks the chill, but removes the cause from which the disease originates. Its operation is both general and special.

While it acts generally upon the whole system, as a most powerful alterative, purifying the fluids, freeing the solids from all morbid secretions, and reinvigorating and bringing up all the vital energies to a standard of permanent health; it acts, at the same time, directly upon the liver, the liver, the digestive organs and lymphatic and glandular system; exciting them to healthful activity, removing all morbid matter, equalizing the circulation, restoring their proper and necessary secretions, thus accomplishing a complete renovation from disease, and restoration to sound and permanent health.

It will be readily conceded by every intelligent mind that a Tonic Syrup composed of the most valuable ingredients, carefully selected from the Vegetable Kingdom, must possess far more potent properties for the complete eradication of the diseases for which it is especially prepared, than can possibly be compounded with the limited quantity usually administered in the form of Pills.

Those who are suffering with the prostrating AGUE and FEVERS common to the west and south-east United States, who have become enfeebled by the use of mercury, quinine, or other violent remedies—should resort at once to the use of this VALUABLE MEDICINE.

It has cured and will cure the most obstinate cases. Travelling through every vein and artery of the human body. The whole animal economy is made to undergo a thorough radical change. Even the mind partakes of the healthful process, and life, that before appeared one dreary waste, begins again to seem worth possessing.

Pamphlets respecting this valuable medicine, can be obtained of the agents gratis.

CAUTION.
